SEC. 101. TREATMENT OF DE MINIMIS DIGITAL ASSET FEES.

(a) IN GENERAL.—Part III of subchapter O of chapter 1 of subtitle A is amended by inserting after section 1043 the following new section:

"SEC. 1044. DE MINIMIS DIGITAL ASSET FEE EXCEPTION.

''(a) IN GENERAL.—No gain or loss shall be recognized on the disposition of a digital asset in payment of—

''(1) a de minimis network fee, or

''(2) a de minimis transaction fee.

''(b) DE MINIMIS NETWORK FEE.—For purposes of this section—

''(1) IN GENERAL.—The term 'de minimis network fee' means an amount paid or incurred in a

digital asset transaction to validate another digital asset transaction if the aggregate amount so paid or incurred with respect to the validation of such other digital asset transaction does not exceed $10.

''(2) NETWORK FEE.—The term 'network fee' means any amount which would be a de minimis network fee if paragraph (1) were applied without regard to the dollar limitation specified therein.

''(c) DE MINIMIS TRANSACTION FEE.—For purposes of this section—

''(1) IN GENERAL.—The term 'de minimis transaction fee' means an amount (other than a network fee) paid or incurred as a brokerage fee, trading fee, liquidity fee, or similar fee, to facilitate a transfer of a digital asset (hereafter referred to as the 'underlying digital asset transfer') if—

''(A) the digital asset disposed of in payment of such fee is a digital asset of the same type as the type of digital asset disposed of or acquired by the taxpayer in the underlying digital asset transfer, and

''(B) the aggregate of such amounts with respect to such underlying digital asset transfer does not exceed $10.

''(2) TRANSACTION FEE.—The term 'transaction fee' means any amount which would be a de minimis transaction fee if paragraph (1) were applied without regard to the dollar limitation specified therein.

''(3) TYPE OF DIGITAL ASSET.—A type of digital asset shall be determined under rules similar to the rules of section 1051(b)(2).

''(d) DISPOSITION OF DIGITAL ASSET USED TO PAY NETWORK OR TRANSACTION FEE.—For purposes of this title, any payment of a network fee or transaction fee using a digital asset shall be treated as a disposition of such asset in exchange for consideration equal to the fair market value of such asset (and, in the case of a network fee, shall not fail to be treated as such a payment merely because such asset is not acquired by another person).

''(e) TREATMENT OF UNRECOGNIZED GAIN OR LOSS.—The amount of any network fee or transaction fee that is taken into account in determining the amount of gain or loss on the disposition of any asset, in determining the amount of any deduction, or in determining the basis of any asset acquired, shall be reduced by the amount of any gain, or increased by the amount of any loss, not recognized by reason of subsection (a) with respect to the

disposition of the digital asset used to pay such network fee or transaction fee.

''(f) EXCLUSIONS.—

''(1) TRADE OR BUSINESS.—

''(A) IN GENERAL.—Subsection (a) shall not apply to the disposition of a digital asset by—

''(i) a trader, broker, or dealer in digital assets,

''(ii) a person in the trade or business of batching or facilitating the validation of digital asset transactions on behalf of others,

''(iii) to the extent provided by the Secretary, any person in a trade or business which is substantially similar to a trade or business described in clause (i) or (ii), or

''(iv) any person that engaged in more than 5,000 transfers of digital assets during the preceding taxable year (determined without regard to any transfer made in payment of a de minimis network fee or a de minimis transaction fee).

''(B) ADMINISTRATIVE CONVENIENCE EXCEPTION.—

''(i) IN GENERAL.—Subparagraph (A) shall not apply to any taxpayer that demonstrates to the Secretary that such taxpayer is of a type with respect to which not applying subparagraph (A) will not result in a substantial Federal revenue loss.

''(ii) GUIDANCE.—The Secretary shall issue regulations or other guidance that—

''(I) identifies different types of taxpayers with respect to which not applying subparagraph (A) will not result in substantial Federal revenue loss, and

''(II) specifies with respect to each such type of taxpayer the information that such taxpayer must provide to make the demonstration described in clause (i).

''(iii) CERTAIN FACTORS REQUIRED TO BE TAKEN INTO ACCOUNT.—The regulations or other guidance issued by the Secretary under clause (ii) shall—

''(I) for purposes of determining the classification of types of taxpayers, and whether any Federal revenue loss from not applying subparagraph (A) with respect to any such type of taxpayer would be substantial, take into account the method or methods used by such type of taxpayer for selecting the digital assets used to pay network and transaction fees and the average holding period of such digital assets by such type of taxpayer, and

''(II) determine Federal revenue loss by reducing such loss by a reasonable approximation of the additional administrative costs of the Department of the Treasury, and the additional compliance costs of such type of taxpayer (and any person who would be required to make additional information return reporting with respect to such type of taxpayer), which would be imposed if subparagraph (A) were to apply to such type of taxpayer.

''(2) CERTAIN ACCOUNTING METHODS.—Subsection (a) shall not apply to any digital asset—

''(A) to which subsection (a), (e), (f), or (g) of section 475, section 1051(a), or section 1256(a) applies, or

''(B) except as otherwise provided by the Secretary, to which a mark-to-market method applies under any other provision of this subtitle.

''(g) REGULATIONS.—The Secretary shall issue such regulations or other guidance as may be necessary or appropriate to carry out the purposes of this section, including regulations or guidance to prevent the abuse of this section through—

''(1) transaction structuring for the purpose of qualifying for the exclusion provided in subsection (a), and

''(2) the receipt of any value in exchange for a network fee or transaction fee other than—

''(A) in the case of a network fee, the validation of a digital asset transaction, or

''(B) in the case of a transaction fee, the brokerage, trading, liquidity, or similar digital asset transfer service.''.

''(iv) in the case of any adjustment to the basis of a widely traded digital asset of such designated type (including adjustments under sections 734(b) and 743(b)), the net dollar amount (positive or negative) of any adjustment to basis of such widely traded digital asset, and

''(2) such taxpayer shall recognize loss on such designated type of digital asset for such taxable year equal to the excess (if any) of—

''(A) the amount described in paragraph (1)(B), over

''(B) the amount described in paragraph (1)(A), and

''(3) except as provided in paragraphs (1) and (2), such taxpayer shall not recognize any gain or loss on the disposition of widely traded digital assets of such designated type.

''(b) DESIGNATED TYPE OF DIGITAL ASSET.—For purposes of this section—

''(1) IN GENERAL.—The term 'designated type of digital asset' means, with respect to any taxpayer for any taxable year, any type of widely traded digital asset (other than any qualified U.S. dollar stablecoin) with respect to which such taxpayer elects the application of this section for such taxable year.

''(B) such assets are determined under rules provided by the Secretary to have values that are directly linked or highly correlated.

''(3) POOL TOKEN ASSETS.—

"(A) IN GENERAL.—For purposes of this section, qualified pool token assets shall be treated as widely traded digital assets, but shall be treated as widely traded digital assets with respect to any taxpayer if, and only if—

"(i) not more than 10 percent of such tokens are owned, directly or indirectly, by the taxpayer or any person described with respect to the taxpayer under section 267(b) (applied without regard to section 267(c)(3)) or section 707(b)(1), and

"(ii) the taxpayer and such persons do not have control or effective management of the composition of the assets to which the value of such tokens is attributable, including in a manner similar to a manager, sponsor, director, shareholder, general partner, commonly controlled affiliate, or other similar role.

"(B) QUALIFIED POOL TOKEN ASSET.—For purposes of this subsection, the term 'qualified pool token asset' means any type of digital asset (determined under paragraph (2) by substituting 'digital assets' for 'widely traded digital assets') for any taxable year if—

"(i) at substantially all times during the calendar year which ends in or with the taxable year preceding such taxable year—

"(I) substantially all of the value of such type of digital asset is attributable to widely traded digital assets (determined after the application of subparagraph (A)), and

"(II) such type of digital asset is redeemable on demand for a proportionate share of the assets to which the value of such digital asset is attributable, and

"(ii) the Secretary has determined that allowing such type of digital asset to be treated as a widely traded digital asset for purposes of this section is consistent with efficient tax administration and not subject to abuse.

"(C) PREVENTION OF DOUBLE COUNTING.—In the case of any designated type of qualified pool token assets with respect to any taxpayer, such taxpayer shall not recognize gain or loss with respect to the particular assets to

which the value of such designated type of qualified pool token assets is attributable.

''(c) GAIN OR LOSS TREATED AS SHORT-TERM.—Any gain or loss determined under subsection (a) shall be treated as short-term capital gain or short-term capital loss, respectively.

''(d) TREATMENT OF LENDING TRANSACTIONS.—

''(1) CERTAIN LENDING AGREEMENTS.—In the case of any transfer of widely traded digital assets to which section 1058(a) applies, such assets shall be treated for purposes of this section as continuing to be held by the transferor.

''(2) OTHER LENDING TRANSACTIONS.—In the case of any loan of widely traded digital assets which is not described in paragraph (1), except as otherwise provided by the Secretary, such assets shall be treated for purposes of this section as continuing to be held by the lender.

''(e) ELECTION.—

''(1) APPLICATION OF ELECTION.—

''(A) IN GENERAL.—An election under this section with respect to any designated type of digital asset shall apply to the first taxable year which begins after the date on which the taxpayer makes such election and to each taxable

year thereafter unless revoked as provided in paragraph (5).

''(B) APPLICATION TO CURRENT TAXABLE YEAR.—If the taxpayer has not held any unit of a designated type of digital asset at any time during the 2-year period ending on the date on which the taxpayer makes the election described in subparagraph (A) with respect to such designated type of digital asset, such taxpayer may elect to apply subparagraph (A) by substituting 'the taxable year in which' for 'the first taxable year which begins after the date on which'.

''(2) PARTNERSHIPS AND S CORPORATIONS.—In the case of any partnership or S corporation, the election under this section shall be made at the partnership or S corporation level.

''(3) EXCLUSION OF DEALERS ELIGIBLE TO MAKE MARK-TO-MARKET ELECTION.—A dealer that is eligible to make an election under section 475(g) with respect to any taxable year may not make an election under this section with respect to such taxable year.

''(4) EXCLUSION OF TRADERS WITH A MARK-TO-MARKET ELECTION IN EFFECT.—A trader which has an election in effect under section 475(f)(3) with

respect to any taxable year may not make an election under this section with respect to such taxable year.

''(5) REVOCATION.—

''(A) IN GENERAL.—A taxpayer may revoke an election under this section with respect to a taxable year which—

''(i) has not begun as of the date on which such taxpayer requests such revocation, and

''(ii) is not one of the first 5 taxable years to which such election applies.

''(B) DEEMED REVOCATION.—In the case of any designated type of digital asset which has ceased to be a widely traded digital asset, the election under this section with respect to such designated type shall be treated as revoked with respect to the first taxable year beginning after the date on which such designated type ceases to be a widely traded digital asset.

''(C) 5-YEAR WAITING PERIOD.—In the case of any revocation under this paragraph with respect to any designated type of digital asset, the taxpayer may not make an election under this section with respect to such des-

ignated type if such election would apply to any of the first 5 taxable years to which such revocation applies.

''(D) SPECIAL RULE FOR TRADERS MAKING MARK-TO-MARKET ELECTION.—If a taxpayer has in effect one or more elections under this section and such taxpayer makes the election under section 475(f)(3) with respect to any taxable year, the taxpayer shall (notwithstanding subparagraph (A)) be treated as revoking all such elections under this section beginning with such taxable year.

''(f) SPECIAL RULES RELATED TO ELECTION, REVOCATION, AND CERTAIN TRANSFERS.—

''(1) TREATMENT OF ASSETS UPON ELECTION.—In the case of an election under this section, with respect to any designated type of digital asset, any widely traded digital assets of such designated type held by the taxpayer shall be treated as sold for fair market value on the last day of the taxable year preceding the first taxable year to which such election applies.

''(2) ADJUSTMENTS UPON REVOCATION.—In the case of a revocation of an election under this section, proper adjustments shall be made in the

amount of any gain or loss subsequently realized for gain or loss taken into account under subsection (a).

''(3) CERTAIN TRANSFERS.—In the case of any transfer of a widely traded digital asset which is a designated type of digital asset with respect to the transferor for the taxable year in which the transfer occurs, if the basis of such asset in the hands of the transferee is determined by reference to the basis of such asset in the hands of the transferor, the basis of such asset in the hands of the transferor (solely for purposes of determining the basis of such asset in the hands of the transferee) shall be treated as being equal to the fair market value of such asset at the time of such transfer.

''(g) SPECIAL RULES RELATED TO PARTNERSHIPS.—

''(1) SALE OR EXCHANGE OF INTEREST IN PARTNERSHIP.—The amount of any money, or the fair market value of any property, received by a transferor partner in exchange for all or a part of such partner's interest in the partnership attributable to a designated type of digital asset of the partnership shall be considered as an amount realized from the sale or exchange of a capital asset held for less than 1 year (under rules similar to the rules

that apply for purposes of section 751(a)), by treating such designated type of digital asset in the same manner as an unrealized receivable.

''(2) CERTAIN DISTRIBUTIONS TREATED AS SALES OR EXCHANGES.—In the case of any designated type of digital asset of a partnership, rules similar to the rules of section 751(b) shall apply by treating such designated type of digital asset in the same manner as an unrealized receivable and by treating any resulting gain or loss as short-term capital gain or short-term capital loss.

''(B) BUILT-IN GAIN.—For purposes of this paragraph, the term 'built-in gain' means the excess (if any) of the fair market value of the property at the time of contribution over the adjusted basis of such property (in the hands of the partner) at such time.

''(C) BUILT-IN LOSS.—For purposes of this paragraph, the term 'built-in loss' means the excess (if any) of the adjusted basis of the property (in the hands of the partner) at the time of contribution over the fair market value of such property at such time.

no intermediary currently provides equivalent data), and

(C) improve tax administration, reduce compliance costs, and improve taxpayer data security,
